

**Sublimity Fire District
Safety Committee Minutes
June 14, 2007**

OSHA representative Chris Hernandez came to the station for a complimentary walkthrough. Safety committee members present were Amy Manning, Angela Hargin and Geoff McFarland. Tim Gardner was absent. Mr. Hernandez walked with the safety committee through both stations and pointed out possible hazards. His report is on file in the administrative office and will serve as the minutes and inspections for the month of June and the second quarter of 2007. He arrived shortly after 8:00 a.m. and left around 12:30 p.m. He reviewed past safety minutes, departmental safety policies and inspected both stations thoroughly.
