

**Sublimity Fire District  
Safety Committee Minutes  
August 28, 2008**

**Call to order:** Angela Hargin called the meeting to order at 4:30 p.m.

**Members present:** Angela Hargin, Amy Doran, Hayley Jubie

**Members absent:** Tim Gardner

**Additions/Deletions to Agenda:** None

**Reading of Minutes:** The minutes from July 29, 2008, were approved.

**Old Business:**

Training – Amy talked to Chief Hamilton about doing some safety review at drill, including things like the location of the safety board, hazard review, etc. Chief Hamilton said to prepare something and let him know – he'll take care of it. The ideal time would be on a business meeting night.

Safety board – The committee received no suggestions or feedback in the way of forms.

**New Business:**

The committee discussed doing inspections the following month.

August was a good month for safety – there were no incidents reported.

The 5-alarm fire on Victor Point Rd. went really well. The only issue was the explosion of a 1500-2000 gallon diesel tank. The tank was hidden, so people were not aware of its presence. The committee and the chief determined that nothing could've been done to change the situation since the location of the tank was hidden. The end of the tank flew over a quarter-mile up into the air and over the road.

The committee indicated its disappointment with the lack of interest by the department in safety issues.

**Adjourn:** Meeting adjourned at 5:15 p.m.

**Next meeting:** TBA
