

## Sublimity Fire District Safety Committee Minutes October 21, 2008

**Call to order:** Angela Hargin called the meeting to order at 3:00 p.m.

**Members present:** Angela Hargin, Amy Doran, Hayley Jubie, Tim Gardner

**Members absent:** None

**Additions/Deletions to Agenda:** None

**Reading of Minutes:** The minutes from September 30, 2008, were approved.

**Suggestion Box:** None

### **Old Business:**

Inspections: The inspections from last month's meeting were carried forward to this month.

#### Station 52:

- The right to know posters need to be updated. Amy will take care of that.
- The old refrigerator needs to be hauled away.
- Hayley checked all the extinguishers.
- Angela checked the First Aid kit.
- The MSA 1<sup>st</sup> Aid Kit in T-52 needs to be updated.
- The committee noted a problem with overall tidiness at the station.
- Hayley noted a missing lug nut on R-52.
- Angela checked the compartments. She noted that the hose rack was in the way and made it impossible to open the compartments on that side.
- The newspaper box is full.

#### Station 51:

- The bathroom speaker upstairs is not working, neither is the fan.
- The smoke detectors at the top of the stairs, in Eric's room and in the three empty rooms do not have batteries (!).
- In checking Amy's office, the cords look good.
- In the training office, the left side shelving still needs to be secured. This issue has come up more than once during inspections.
- There is a table in front of the electric panel AGAIN! This may be something to add to the safety agenda for the business meeting.
- The cleaning closet still needs a safety bulb or a cage around the light. This is also an issue that has come up before at inspections (and during the OSHA walk through).
- No problems in the kitchen.
- No problems in the lounge.
- The chief will move signs that are in the way in the apparatus bay.

- We need more cylinder storage tubes in the air room.
- The committee went through each of the apparatus.
- No problems in the laundry room.
- The table used for storing weights in the weight room needs to be re-done. The legs don't seem sturdy enough to be used for that purpose.

**New Business:**

None.

**Adjourn:** Meeting adjourned at 4:45 p.m.

**Next meeting:** TBA
